

Abstract of the disclosure

Pioneer methods, and web enabled computerized devices, for using any kind of concept (list or non list) on the internet or internet like means, are disclosed for juxtaposing any concept on the internet or internet like means (or not) against any other concept on the internet or internet like means (or not) or against any concept in any of the inventors copyrighted, or copyright or patent applied for creative works (including all of his past patent applications in this area, and, literary works authored by the inventor, like: The Creator t.m., The Inspirator t.m., Invendex t.m., and various Sparkers t.m.). The resulting invention, which can never be exceeded, provides the most useful, productive, comprehensive, inventive tool in history, which will enable almost any person in the world to become inventive or creative, and which will dramatically increase needed production around the world.
